

Examples of Carpet test Applications

Using a variety of attachments, the Tinius Olsen testing machines can be used for performing a variety of tests on carpets. Depending upon the customer's required specification will depend upon the grips and attachments used (all pictures are shown for illustration purposes only)

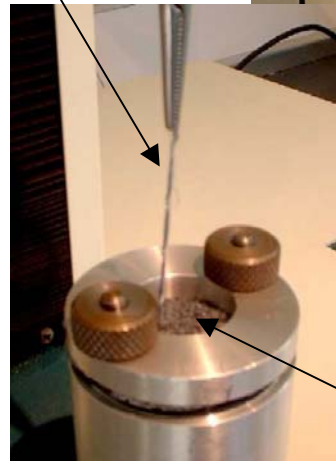

Applications

Typically, the normal tests for performing using the Tinius Olsen test machine would include tests for;

- **Tensile Strength**
- **Seam Slippage**
- **Bond/Adhesion/Peel Strength**
- **Puncture Resistance**
- **Tuft withdrawal**

Tuft loop being extracted
